ADDENDUM #2
RFI 19-11-336
Camera System for Side-Mirror Replacement

December 20, 2019

To: All Vendors of Record

RE: Addendum #2

All vendors are to accept the information contained herein as the official response of IPTC.

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

This Addendum is being issued prior to the due date for receiving submissions.

This Addendum forms a part of the official RFI Documents and modifies the original Request of Information as noted below and shall be incorporated into the official RFI Documents. All other provisions of the RFI released November 19, 2019 with the exception of changes below, shall remain unchanged.

This Addendum is issued in accordance with the provisions of Procurement Instructions of the Request for Information document. All Proposals shall be based upon work as modified by this Addendum.

This addendum addresses written questions received before the due date and time, concerning RFI 19-11-336 Camera System for Side-Mirror Replacement.

Acknowledged receipt of this Addendum on the Acknowledgement of Addendum Form is required. Failure to do so may result in disqualification of the Bidder.

QUESTIONS:

1. What is the estimated cost of the Camera System for Side-Mirror Replacement?

A: *IndyGo is inquiring to determine qualified vendors to provide a solution. A formal contract or solicitation, including pricing requests, could follow in the form of a future RFP/IFB. IndyGo does not disclose our project budgets to maintain fair and competitive pricing.*

2. If the grant is secured, when does the Department plan on releasing a subsequent solicitation for the Camera System for Side-Mirror Replacement?

A: *It is expected that a solicitation would be initiated in 2020.*

3. When does the Department want this solution to be implemented by?

A: *Our goal would be to complete in 2021.*

4. What other systems will have to integrate or interface with the Camera System for Side-Mirror Replacement and what vendor provides each system?

A: *Would need to coordinate with BYD (bus manufacturer) for installation and power supply. There are no other required integrations. There are a few optional integration points, including Safety Vision which provides the general security cameras for the bus and WAAV which provides internet connectivity for the bus. The companies mentioned are the current providers, of which are subject to change when contracts expire, etc.*

5. Does the Department need to replace or upgrade any of the integrated systems in the next 5 years? If so, which system and when?

A: *No replacements are planned at this time.*

6. At the point of the closure, who will be the technical point of contact for the Camera System for Side-Mirror Replacement project?

A: *That is to be determined. IndyGo is currently hiring for the position that would take the lead role.*

7. Does the Department anticipate any professional or consulting services may be needed through separate procurements to accomplish this effort? (i.e. project planning/oversight, PM, QA, IV&V, staff augmentation, implementation services, etc.)? If so, what services does the Department desire and how do they anticipate to procure?

A: *None are anticipated at this point.*

8. Aside from this solicitation, is the Department looking into any other technology projects within the next 3 years? If so, what kind?

A: *This is not the appropriate forum to answer this question. Please follow up separately with our Procurement Department.*

- Note from Procurement – to receive notification of all our upcoming procurements/solicitations, please register at: https://www.indygo.net/procurement/vendor-registration/

9. What are the drivers for these project(s)?

A: *IndyGo seeks a lower-profile side mirror to prevent rider injuries on BRT station platforms.*

10. How does the Department plan to procure the potential project(s)?

A: *IndyGo plans on procuring the equipment through a standard competitive RFP/IFB process.*

ACKNOWLEDGMENT OF ADDENDUM
(Must be returned with your Submission)

RFI 19-11-336
CAMERA SYSTEM FOR SIDE-MIRROR REPLACEMENT

The undersigned acknowledges receipt of the following amendment(s) to the Bid and supporting documentation.

ADDENDUM NUMBER _____ DATED: _____

ADDENDUM NUMBER _____ DATED: _____

ADDENDUM NUMBER _____ DATED: _____

ADDENDUM NUMBER _____ DATED: _____

Note: Failure to acknowledge receipt of all addendums that may have been issued may cause the Proposal offer to be considered non-responsive to the solicitation. No further consideration will be given to non-responsive offers. Acknowledged receipt of each addendum must be clearly established and included with the bid response.
