

Tiffany Thompson

President DaMar Staffing Solutions

We started working with IndyGo Retail Center June 2016, as sub vendor, later transitioned to prime vendor and to date we are a sub via MSP.

To date we provide staff for both retail desk and customer service center.

What I enjoy most about working with IndyGo is its commitment to effective communications, collaboration, and partnerships. We saw this firsthand during the pandemic shutdown. Designated as essential services, IndyGo had to keep its services moving and DaMar had to keep them properly staffed. It was very complicated and stressful time. IndyGo team stepped up the communications and our strong partnerships allowed us to be successful.
